## Objective

To acquire profession knowledge and expertise in the field of Computer Science Engineering by working with Enterprises that will enable me to expand my imagination out of the box which eventually will enable me to add value to the existing technological system process.

## Experience

## Civil Machines Technologies Private Limited | 15 October 2015 – 20 July 2017

**DIGITAL MARKETING - INTERN | 15 OCTOBER 2015 – 8 JANUARY 2016**
· I joined as Work from Home - Digital Marketing Volunteer for the product EventHaat.com.
· My responsibilities were to build EventHaat as a Brand on Social Media Platforms.

**DIGITAL MARKETING MANAGER (PART-TIME) | 11 MAY 2016 – 26 MAY 2017**
· My responsibilities were to manage interns and trainee under me and strategize the Organic Digital Marketing of various products of the company.

**ANDROID DEVELOPER – TRAINEE | 6 JUNE 2016 – 1 JULY 2016**
· As I had to switch to Development Profile, I saw company's Summer Training as a huge entry point and opportunity.
· The company sponsored my training in Android Development in the summer and I got to work on their live project 101Lease.

**JR. ANDROID DEVELOPER – INTERN | 17 AUGUST 2016 – 20 JULY 2017.**
· I built various small modules for the company and helped them to integrate with their projects.

Working at Civil Machines Technologies Private Limited, I had a huge learning experience. As the company is relatively new, I contributed on various other level such as Photoshop, Video making. This actually helped me learn and experience a lot and made me industry ready.
