Divya Tiwari

AB-849, Sarojini Nagar, New Delhi - 110023 | +91-9911369753 | me@divyatiwari.me | http://divyatiwari.me

Objective

To acquire profession knowledge and expertise in the field of Computer Science Engineering by working with Enterprises that will enable me to expand my imagination & add value to the existing technological system process.

Experience
Civil Machines Technologies Private Limited | 15 October 2015 – 20 July 2017

Working at Civil Machines Technologies Private Limited, I had a huge learning experience. As the company is relatively new, I contributed on various other level such as Photoshop, Video making. This actually helped me learn and experience a lot and made me industry ready.

JR. ANDROID DEVELOPER – INTERN | 17 AUGUST 2016 – 20 JULY 2017.
· I built various small modules for the company and helped them to integrate with their projects.
· I primarily worked on Volley library and RESTful APIs along with the general UI/UX development that takes place in Android Development. Moreover I also integrate Social Plugins using SDK such as Facebook SDK.
· I also got chance to observe and implement the concepts of OOPs practically.

ANDROID DEVELOPER – TRAINEE | 6 JUNE 2016 – 1 JULY 2016
· As I had to switch to Development Profile, I saw company's Summer Training as a huge entry point and opportunity.
· The company sponsored my training in Android Development in the summer and I got to work on their live project 101Lease.

DIGITAL MARKETING MANAGER (PART-TIME) | 11 MAY 2016 – 26 MAY 2017
· My responsibilities were to manage interns and trainee under me and strategize the Organic Digital Marketing of various products of the company.

DIGITAL MARKETING - INTERN | 15 OCTOBER 2015 – 8 JANUARY 2016
· I joined as Work from Home - Digital Marketing Volunteer for the product EventHaat.com.
· My responsibilities were to build EventHaat as a Brand on Social Media Platforms.

Education
B. TECH – CSE | 2014 - PRESENT | SRM UNIVERSITY, DELHI-NCR CAMPUS
· CGPA: 8.513 (Till 6th Semester)

HSC | 2014 | KENDRIYA VIDYALAYA, R. K. PURAM – SECTOR 4
· Percentage: 86.6%
· Subjects: Physics, Chemistry, Mathematics, English, Computer Science

SSC | 2012 | KENDRIYA VIDYALAYA, R. K. PURAM – SECTOR 4
· CGPA: 9/10
· Participated at various level in intra-school and inter-school events

Projects

101LEASE – ANDROID APP (2016)
· 101Lease is a Rental Marketplace to make hassle-free Rental experience for both owners & tenants. Users can easily post their requirement or property within a minute.
· Skills that I learnt: RESTful API, Volley and JSON.

GPA CALCULATOR – ANDROID APP (2016)
· This was my college project. App is for the students of SRM to calculate their GPA according to their Batch Session.
· I also learned a lot about Social Media SDK integration such as Login with Facebook using Facebook SDK.
· This project is available on my GitHub at https://github.com/divyatiwari5/GPACalculator

SHREYA GHOSHAL – ANDROID APP (2017)
· For learning purpose & a huge fan of Shreya ji, I made this app. It has features like Media Player which has songs of Shreya Ghoshal, gallery section, official website.
· I acquired various skills related to layouts and UI/UX development.
· This project is available on my GitHub at https://github.com/divyatiwari5/ShreyaGhoshal

Skills

PROGRAMING SKILLS

· **Python**   · **Java**
· **C++**   · **C**
· **HTML**   · **CSS**
· **XML**

I have learned and worked on C, C++ and Java in school & college. In Java and C++, I have created various programs to implement the concept of OOPs i.e. Classes, Objects, Inheritance etc. During my Industrial Training & Internships I have also implemented the OOPs concepts using Java in Android Development and also in Python. Furthermore, I have learned HTML, CSS via online portal General Assembly and have showcased their use in industry while working in Web Development. My own e-Resume portal uses CSS, HTML and JS.

I have shared my various piece of work on my GitHub at https://github.com/divyatiwari5/ under DataStructures and pythonPractices repositories.

TECHNICAL SKILLS

- **Android Development**
- **RESTful API**
- **Digital Marketing**
- **Web Architecture & Development**
- **Git & GitHub**
- **Linux**

I have managed the Digital Marketing of EventHaat & 101Lease where I used to handle their Social Platform Pages.

I entered into development profile by going through company sponsored Industrial Training and Internship. I even contributed in development of various Android apps & modules in which I implemented Social Media Plugin using their SDKs such as Login with Facebook and RESTful API integration using Volley library. For these tasks, I was also paid as I was employed on part time basis.

I have also acquired the skill of Version Control System: Git and its online tool, GitHub to work along with company team. I also used GitHub Student Program. I have shared my various piece of work on GitHub.

For the last three years I have been using Linux as its open source software & is highly secure & reliable.

Furthermore, while working in Startup Company I have learned basics of Web Architecture. This also helped me in putting up my own online profile at http://divyatiwari.me. I have my GitHub profile and various projects at https://github.com/divyatiwari5 .

Qualities

- **Initiative taker**
  - I believe in taking initiatives rather than following someone's footsteps.
- **Personal management**
  - Working at a Startup taught me to manage personal things easily even in extreme pressure.
- **Communication**
  - Working as a Marketing Manager has enhanced my communication skills as there we used to talk with people of different professions of different ages. Even in school I participated in every type of competition/event which helped me to improve my communication skills.
- **Team supporter**
  - At school time, I used to take part in individual as well as group activities like Group Dance & Song which made me learn the importance of working in a Team. Even during my Industrial Experience I have understood the importance of Team which made me a good team supporter.
- **Learner**
  - From Digital Marketing to Android Development to Photoshop & Video scribing, I have learned many things in small span of time along with my studies which made me a efficient learner.

Achievements

- Cash Prize from ITBP Force in class Xth & XIIth for best academic performances
- Represented school in Inter-School Science
- Represented school in Inter-School Social Science Exhibition
